INSTRUCTIONS

This table lists minimum ACT or SAT test scores and overall high school GPAs required for a student to be nominated for an Honors Award. To use the table:

1. Determine which test the student took. SAT tests taken prior to February 1, 2016 is referred to as "Old SAT," tests taken after January 31, 2016 is referred to as "New SAT."
2. Locate the student's composite ACT or SAT score (old = Math + Critical Reading + Writing, new = Math + Evidence-Based Reading & Writing).
3. Note the Minimum GPA value associated with that score.
4. If the GPA is equal to or greater than this value, the student can be nominated for an Honors Award.

A tool for assistance in determining eligibility is available on the Washington State Honors Award website at <http://www.k12.wa.us/HonorsAward/default.aspx>. Enter the students GPA and highest test score from the same column, hit enter and the status box will read "No HA" if the student does not meet the eligibility criteria or "HA Recipient" if they do.

For example, a student with an old Math SAT of 586, a Critical Reading SAT of 586, and a Written SAT of 586 (prior to February 1, 2016) would have a Total score of 1758. This score requires a minimum GPA of 3.82 to be nominated. A student with a new Math SAT of 595 and a Evidence-Based Reading and Writing of 595 would also require a minimum GPA of 3.82 to be eligible. Similarly, an overall GPA of 3.82 is required to nominate a student with an ACT score of 26. **Only test scores taken after September 1, 2013, and prior to January 31, 2017, should be considered in determining eligibility.**
