Timely reporting rules (chapter 392-117 WAC) apply. Failure to report by the due date or on the form required may result in the delay or reduction of state allocations.

Purpose

School districts or ESDs use this form to report state institutional education program enrollment for residential habilitation centers, state long-term juvenile institutions, state operated community facilities, county juvenile detention centers, Department of Corrections facilities, and county or city adult jails.

Enrollment reported on Form E-672 is used by OSPI to calculate allocations of state funding for institutional education programs.

Enrollment Definitions

Enrolled institutional education student (WAC 392-122-220) is a person who:

- (a) Is in a program in a Department of Corrections facility and is under 18 years of age, or is 18 years of age and is continuing in the institutional education program with the permission of the Department of Corrections and the education provider; or
- (b) Is in a residential institution other than the Department of Corrections and is under 21 years of age at the beginning of the school year.
- Is scheduled to engage in educational activity in the institutional education program during the current week.
- During the current school year, has engaged in educational activity in the institutional education program provided or supervised by educational certificated staff.
- Does not qualify for any of the enrollment exclusions in WAC 392-122-221.

Educational activity (WAC 392-122-212) means the following teaching/learning experiences:

- Instruction, testing, counseling, supervision, advising, and other services provided directly by certificated staff or by classified staff who are supervised by certificated staff.
- Up to one hour per day of scheduled study time if the study is in conjunction with other educational activity and if the study is monitored by educational staff who are present during the study.
- Up to two hours per day of individual study conducted by a student when educational staff are not present if all of the following conditions are met:
 - The study is in pursuit of high school graduation credit, or the study is in a Department of Corrections facility and is in pursuit of a certificate of educational competence pursuant to RCW 28B.50.536 and chapter 131-48 WAC.
 - The study is part of a program of instruction defined by a certificated employee who evaluates the student's progress in that program.
 - The student is making progress in the program.
 - The study is not counted as work training experience pursuant to No. 4, below.
 - Combined individual study time and scheduled study time pursuant to No. 2. above claimed in determining the student's full-time equivalent pursuant to WAC 392-122-225 do not exceed two hours per day.
- Work based learning meeting the requirements of WAC 392-410-315 will be reported in a student's full-time equivalent enrollment pursuant to WAC 392-121-124.

Juveniles in adult jails: Districts that have a county or city adult jail must be prepared to provide a program of education within five days of notification from the adult jail facility of a juvenile confined therein.

Excused absence means an absence from scheduled educational activity due to illness; attendance in court; or a meeting with a lawyer, case worker, counselor, physician, dentist, nurse, or other professional service provider.

Full-time equivalent (FTE) students are defined in WAC 392-122-225 and 392-122-228.

Limitations on Enrollment Counts

Enrollment reported on Form E-672 is not reported on Forms P-223 and P-223H. A district cannot elect to report a full-time resident student who is confined and receiving all educational services at a state institution on the monthly count day on Forms P-223 and P-223H. A full-time student at a state institution must be reported solely on Form E-672.

Students confined to a state institution on count day that may be receiving educational services at both the state institution and the district may be claimed as a partial FTE on Forms E-672 and P-223, but the combined FTE cannot exceed 1.00. A part-time confined student cannot be claimed on Form P-223H.

Institutions, districts, or other education providers must work together to ensure that enrollment reporting is in compliance with WAC 392-121-107 and 392-122-221. To ensure that students are not reported both for institution education funding, and for basic education and special education funding, state institutions will notify districts or other education providers when they have claimed a student on their Form E-672. District, charter schools, or tribal compact schools must revise their Forms P-223 and P-223H removing the student's enrollment.

Enrollment reporting on Forms P-223 and P-223H should not resume for such a student until the student returns to the district, charter school, or tribal compact school.
