

OSPI's Professional Development Opportunities 2016-2017

The state CTE Pathway Supervisors are continuing to provide Professional Development/support throughout the state, to ensure district personnel understanding of the required Best Practices in Career Technical Education. The focus of the Professional Development will be:

- EDS Overview & Resources
- New Automated Re-Approval System
- Components of Frameworks
- Statewide Course Equivalency and Utilization
- Extended Leadership

The below dates and locations have been confirmed. Each training day will be held from **8:00 AM - 4:00 PM**. Please hold the dates below which correspond to your ESD.
