

ESD Safety/Emergency Operations Planning Contact & Resource Survey	
ESD / Location:	
	Name Title Contact info
Prevention-Intervention	
Safety / Risk Manager	
Others involved in safety-planning	
For an emergency situation:	
Who is the primary contact person in your ESD?	
Does the ESD have names of primary, emergency contacts for each of the districts the ESD serves?	# Districts: YES, for all For many For Some For a few For None

lease answer these questions for your ESD.

HiQual. Emergency/Safety Planning	Y / N	Who does this? In-house? Contract?	What kind of training(s)?
Do you provide assistance or guidance in district level safety plan development?			
Do you provide assistance or guidance in school level safety plan development?			
Does your ESD have an emergency operations plan of its own?			
Thinking hazards and/or threats:			
Do you provide resources or training on specific safety-related topics or issues?			
Does your ESD have a specific area of expertise or is it the repository for specific safety-related resources?			
Has your ESD identified specific area(s) for which you would like additional training or resources ?			
Do you regularly collaborate or coordinate with other ESDs on safety-related issues?			

Thank you very much.
