SEAC
October 11-12, 2017

AGENDA

Purpose of SEAC:

The Special Education Advisory Council (SEAC) is established in order to help facilitate the provision of special education and related services to meet the unique needs of special education students. [WAC 392172A-07060](#) provides additional information on the establishment and purpose of SEAC. The Washington State Special Education Advisory Council consists of members appointed by the Superintendent of Public Instruction who are committed to quality education for students with disabilities.

The areas of consideration in 2017–18 include:

1. Continue to advocate, monitor, and support funding increases for basic education consistent with the Supreme Court’s most recent timetable.
2. Review state-identified compliance issues regarding measurable annual IEP goals, sufficient evaluations, and service delivery issues, as well as discipline and procedural protections.
3. Continue to refine and implement the Consistency Index Initiative within the state.
4. Positively influence the implementation of the Every Student Succeeds Act (ESSA) on behalf of students with disabilities.
5. Maintain SEAC’s involvement in the development of the social/emotional learning standards.
6. Explore the professional development systems for regular and special education staff including certificated and classified staff.
